ARTLAND ART GUIDE INTRO

Christmas is just around the corner, but there is always time for an afternoon of visiting galleries. We've put together a map of top 5 shows in some of our favorite art cities around the world. If you live or are traveling to one of these cities, you can visit all 5 shows in one afternoon. Enjoy and don't forget to share your favorite artworks in Artland. Enjoy.

AMSTERDAM

Amsterdam is a great walking city. The 5 galleries cover only a distance of 2.7km which will take you a little over half an hour to walk. During December and January, you can start with Ellen de Bruijne Projects gallery.
